They Didn't Look Like Nazis

They do not act like Nazis
when they raid your house at night.
they take you when you least expect
and can't put up a fight.

They do not dress like Nazis
who wore trench coats and an armband.
these bearded men in flannel
with Kevlar vest and gun in hand.

They do not speak like Nazis
with an achtung and a schnell.
As they cuff your hands and usher you
off to certain hell.

They do not travel like Nazis
who put victims on a train.
they send you off to a labor camp
inside an airplane.

And in the camp your story ends
as you waste away and toil.
they did not seem like Nazis
who screamed for blood and soil.

So when you ask the Germans
why didn't you stop them then.
they'll say "we didn't know that monsters
could look like normal men."
